

Emergency Management
 Program Level Learning Outcomes
 Updated Fall 2024

The Emergency Management curriculum is designed so that students will be able to do the following upon successful completion of the program:

PLO1: Develop knowledge of the five mission areas of emergency management as established by the Federal Emergency Management Agency (FEMA).

PLO2: Develop leadership knowledge and skills that improve the operations, sustainability and effectiveness of emergency management organizations.

PLO 3: Demonstrate application of emergency management knowledge, processes, and tactics through the completion of an internship in the public, private, or voluntary sector.
