

Master in Integrative Leadership

Program Level Outcomes

Updated Fall 2023

The Master in Integrative Leadership is an interdisciplinary program of study offering specialized, stacked credentials that enhance one's ability to solve multifaceted problems in organizations and communities. Students complete two certificates and use the newly gained knowledge to conceptualize, develop, implement, present, and evaluate an applied project that showcases the integration of the disciplinary areas.

Program Learning Outcomes:

PLO 1: Enhance one's ability to solve multifaceted problems in organizations and communities.

PLO 2: Apply newly gained knowledge to conceptualize, develop, implement, present, and evaluate an applied project that showcases the integration of the disciplinary areas.

PLO 3: Conceptualize, develop, communicate, and execute a professional project that addresses leadership organizational issues.

Required 30 hrs.

Certificate 1 12 hrs.

Certificate 2 12 hrs.

Each Program Learning Outcome is addressed in the following classes:

Course	PLO1	PLO2	PLO3
MILE 600	X	X	X
MILE 700	X	X	X
