

Dual Credit Application and Registration Instructions

Important Reminders!

- It is important for all students to complete this process themselves.
 - Parents can act as a helping hand during the process, but it is important for students to become familiar with Drury's systems.
- Students should use their **personal email address**, not their high school or a parent's email address, to ensure they receive Drury's communication.
- We are now partnering with DualEnroll where all registration and parent consent/payment occurs.
